Albert Mesereau had followed a continued "bulling" of the N. Y. and P. railway and had thereby been ruined. The published statements of the road showed that their earnings would enable them to pay a 10 per cent annual dividend on their common stock, though they paid nothing. They were spending their profits on the betterment of the road. Mesereau had kept "long" on the stock with a view to and think what I might have escaped had I known about the value of Doan's Kidney Pills, it makes me wonder that people, when they know of a remedy which acts up to representation, will not avail themselves of a positive means of preventing kidney complaint or any of its consequences. Often I could neither lift any weight nor stoop without suffering and added to this there was a difficulty with the kidney secretions. Doan's Kidney Pills absolutely stopped a very severe

His brain, temporarily unbalanced, righted itself, and he resolved to live for the sake of the woman who loved him and whom he loved.

Nevertheless that night some of his clothes were found on the deck of a Hudson river ferryboat, and Mesereau had disappeared.

Meanwhile there were rumors in the street that N. Y. and P. railway common stock was shortly to be put on a dividend basis; but, since these rumors had been rife for several years, no one paid any attention to them. The stock fluctuated as usual and, though rather high for a nondividend paying stock, was considerably below par.

Rheumatism Cannot Be Cured Unless Uric-O is Used

The Red Cross Pharmacy is the Home of Uric-O in Barre.

The Rheumatic person is skeptical regarding the claims of almost any remedy advertised as a cure for Rheumatism and one can accreety blame him for being so. All the plasters and liniments combined never actually cured a case of Rheumatism. They may relieve it in one quarter, but it is sure to break out somewhere else. The only true way to cure Rheumatism is odrive it from the system, for as long as the Uric and Rheumatic Acid remains in the blood one is never entirely free from the trouble. This is where the value of Uric-O as a permanent cure for Rheumatism comes in I fesseks cut the Rheumatic poison in the blood, muscles and kidneys, renders it mert and harmless and drives it out of the system. That is why tric-O is such an admirable and effective cure for Rheumatism.

The chief reason that Uric-O is such a wonderful cure for Rheumatism is that it is designed and prepared to cure Rheumatism and Rheumatism only. It does not contain any alcohol or other so-called tonics to make one "feel good" for the time being, but is composed of antidotes for the rheumatic acid poison in the system. This is the secret of its wonderful success. Rheumatism simply cannot exist in a person's system if Uric-O is used.

Urin-O is sold by The Hed Cross Pharmacy. "The home of Uric-O in Harre, at file and \$1.00 the bottle, but if you still feel skeptical about its efficacy you can test it free of charge by cutting out this advertisement and sending same, together with your name and address, to the Smith Drug Co. Syracuse, N. Y., and they will send you a sample bottle free. To persons who write and say they have never used-Uric-O, want to test it thoroughly and will agree to take it systematically according to directions, they frequently send a regular 75c bottle free.
